FROM THE CLASSROOM 1/2K

Why learning to swim is important

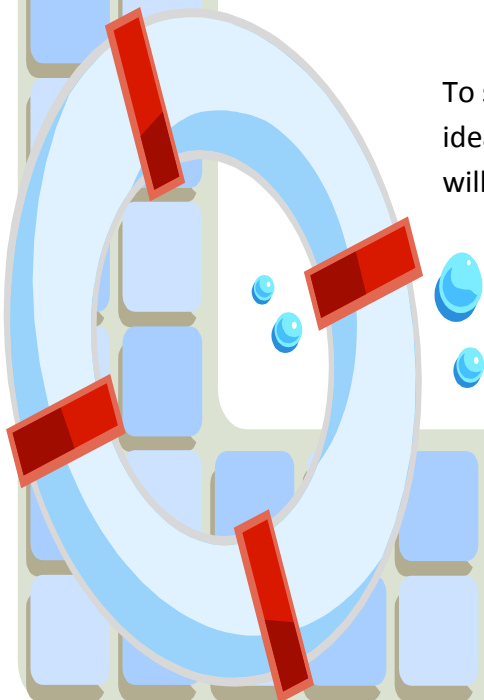

The children of 1/2K think it is important to learn to swim.

First, we think learning to swim will help us if we fall into a pool, river or a dam and it might prevent us from drowning.

Second, the swimming instructor will teach us how to swim correctly so that we can swim in deep water and feel safe and confident.

Finally, we want to learn to swim so that we can go in competitions and win a race. We would feel very good about ourselves.

To sum up, we think learning to swim is a good idea. It will help us to swim in deep water and it will help us to feel safe.
