TERM 4 WEEK 5 7th November, 2012

CONNECTED COMMUNITIES

Connected Communities strategies continue to move a head. What an exiting time for all our students, families and staff. Hillvue is looking forward to establishing a preschool in the future. Last week it was announced that an Acting Executive Principal will be working at Hillvue for the first two terms of 2013 as interviews continue for our new principal and to enable planning to start with local communities.

Connected Communities will allow us at Hillvue to work closely with various community organisations so that our students reach their full potential and complete school. We will be linked with other service providers such as health, welfare, early childhood education and care and vocational education and training at the local level to ensure the needs and aspirations of students are addressed in a holistic way. Moving into the workforce with the skills required for modern society.

Ms Michele Hall has been appointed as Executive Director, Connected Communities and commenced in the role on 17 September 2012. Michele was previously the Director of Aboriginal Education and Training, in the NSW Department of Education and Communities. Michele has extensive experience in a range of senior roles and in Aboriginal education. She also brings a deep understanding and knowledge of current issues in education and training at a state and national level.

HIGH SCHOOL

Transition to Peel High continues. Last week Year 5 visited Peel High School and learnt how to cook ANZAC biscuits. I hope that parents were able to taste the yummy pieces that arrived home.

Students were excited

about making a key holder during their experience in wood-work. A great way to become familiar with High School, before actually starting.

SWIMMING

Our Hillvue School swimming scheme is currently being organised by Mrs Galvin and Mr Hollinworth. Further information will be coming home in the next few days.

The Australian lifestyle is full of water and fun:- beaches, rivers, dams, fishing, craw bobbing and boating. It is very important that water safety and swimming is taught to our children.

However, even though your children are taught the basics during swimming lessons it is important that their skills are regularly put in to practice so they gain confidence and improve their skills and fitness.

UPDATING DETAILS

Please ensure that your contact details and emergency contact persons' details are up to date. Also ensure that your child's medical details are current, especially during the spring season as there are allergies and asthma everywhere. Thank You

Have a great week!
Tina White
Principal

Diary Dates Term 4

Week 5

Wed 7 November
Wed 7 November
Thur 8 Nov
Fri 9 Nov

P & C Meeting 6pm
Captains 2013 boys' speech
