What a fun time was had by all

Year 6 Assembly

Once there was a man. The man had a son. The son loved the man. And the man loved boxes; big boxes, round boxes, small boxes tall boxes. All kinds of boxes. The man had trouble telling his son that he loved him so with his boxes, he began to make things for his son.

Last Friday, Year 6 presented an assembly item based on the book *The Man Who Loved Boxes* written by Stephen King. The author tells the story of a man who is obsessed with boxes. Boxes have taken over his life. The author's description of the boy appears to be one of loneliness. Why is the boy lonely? Why is the man so fascinated with boxes?

The answers to these questions becomes the readers interpretation. What we do know, is that the man turned his compulsive disorder into a craft where many items were made from boxes and the two learnt to share their love.

START SMART

We recently welcomed Start Smart to deliver their free, financial education workshops to our Years 1-6 students. Delivered in class to students by a facilitator, Start Smart changes the way young people learn about money. By making money management interactive, engaging and fun, our students were equipped with the confidence and competence they need to make smart decisions about money.

Hillvue Public has proudly joined the Commonwealth Bank's Start Smart Program in its mission to improve the financial literacy of Australia's young people. Overall, the program proved to be a highly beneficial experience for students and was thoroughly enjoyed by all. For more information on the program and each of the workshops we encourage you to visit www.startsmart.com.au.
